

March 24, 2019

Good afternoon,

As you know the Regional Training and Exercise Program was unfunded at the UASI Approval Authority after the Alameda County Board of Supervisors voted to include recommendations to the MOU between UASI and Alameda County. These recommendations were contrary to grant guidelines and thus the program was unfunded. As a result the BAUASI Regional Training and Exercise program will cease operations effective June 30, 2019. The Training & Exercise website will be deactivated on that date as well.

Between now and June 30, 2019, the Training and Exercise staff are available to work collaboratively with the region to assist you in facilitating your independent acquisition of training. We will continue to support the various National Domestic Preparedness Consortium sponsored trainings through June 30, 2019. In the coming weeks we will be contacting the host sites for Consortium courses scheduled after June 30 to make arrangements to hand off the administration of these courses.

Please contact the Training and Exercise staff at 925-560-5866 for any assistance you may need.

Thank you,

Shawn T. Sexton, Division Commander
Project Manager / BAUASI Regional T&E Program
Alameda County Sheriff's Office
Bay Area UASI Regional Training and Exercise Program
